'Providing the tools for mastery'

9th November 2020

Dear Parent/Carer

Re: National School Breakfast Programme

We can all appreciate that a hungry child is unlikely to learn. Under the National School Breakfast Programme, we can now offer free breakfast at The Skills Hub to all children who need it. We will be providing a more expansive breakfast menu that will include:

- Bagels
- Porridge
- A choice of cereals or toast

We have begun running our breakfast programme for the remainder of the autumn and spring terms. Breakfast will be available daily from 9.15 to 9.45am, please encourage your children to start the day early with this healthy offer!

Yours sincerely,

Paul Chambers
Principal at The Skills Hub
