

National School Breakfast Programme Covid response

Covid response under the National School Breakfast Programme

Our school has signed up to receive free healthy breakfast food as part of the Covid response offer, under the National School Breakfast Programme (NSBP), which is being delivered by the charities Family Action and Magic Breakfast.

As part of this government funded programme, schools can choose to offer children a healthy breakfast at school or at home.

The benefits of a healthy breakfast include children being settled and ready to learn at the start of the day.
